ARK: Survival Evolved Mobile is a free-to-play mobile version of ARK: Survival Evolved released on 14 October 2015. Official description into the ultimate mobile dino adventure with ARK: Survival Evolved. A massive game world comes with 80+ unique dinosaurs and primal creatures for you to capture and tame - making it a survival experience bar-none. Meet up with other players and friends in this prehistoric world to form tribes and work together to build colonies of survivors. ARK: Survival Evolved is built around the core defining elements of PC gaming: challenges you to survive alone or on a mysterious island, hunt wild animals and shelter, crafting, expanding your domain, to do your bidding. Make friends, shape tribes, and build mighty structures to defend against iron and metal invaders like the likes of the ARK: Survival Evolved include: 80+ Dinosaurs, 100+ custom items, and to ride them, the many dinosaurs and other prehistoric animals that roam the dynamic, persistent ecosystem of land, sea, air and even underground. Discover explore, competitive vibrant and breath-taking landscapes, as well as creative means to survive, thrive, and escape on the Ark. Craft and Build! Use all necessary means to survive, craft weapons, clothing and objects, and build shelters, villages or even large cities. Survive alone or with others. Group up with, or swap, hundreds of other players in a large-scale online world or choose to go it alone in single-player mode. Join a tribe! The "Tribe" system encourages collaboration by supporting dynamic parties to share resources, XP, and recruitment points. Ancient Amber Ancient Amber is a premium currency that can be used to buy instant crafting structures, character buffs, other special consumables and to revive dead creatures (domesticated or wild). Primal Pass Primal Pass is a subscription available for \$4.99 USD per month or \$39.99 USD per year. It provides a permanent dual XP buff, 20 extra tame slots, a monthly loot promo code, removal of all ads (including those on free gifts), reserved slots on all servers, early access to news & upcoming special events, an additional Ancient Amber per ad set and access to Primal Pass exclusive servers that have Crafting Stations disabled (but not buffs and items). Creatures Eerie Creatures are a special variant of creatures that appear in Dungeons. Creepy creatures have a special glow and provide a challenge for survivors who wander into Dungeons. Bosses bosses can be found in Dungeons and must be defeated to claim the rewards obtained in Dungeons. Differences from standard ARK Console Commands are not supported Artifacts are tribute to getting Blueprints or items on Obelisks. Dungeons are the only way to get Tek and fight bosses. Upper South Cave, North East Cave, The Caverns of Lost Hope, The Caverns of Lost Faith and Tek Cave do not exist. Taming limit currently only 40 animals in single player or 12 for each tribe member (up to 120) on multiplayer. Paying real money for Primal Pass will extend the limit to 60. Taming rate is set at 1.75. What similar to PC controls are as follows: Normal Attack = Left Click, Swipe up on the motion page = Right click, Swipe down on page= C key, Jump= Space bar Custom Consumable is not currently supported. Royal Griffin's aileys on Fair's Peak. To tame or ride, the player must be respected. This can be achieved by being level 85+, wearing the Gold Crown cosmetic piece, or by sharing the same surname Griffin at level 40+. There's only one card on Mobile that's The Island. Items such as motorboat and war cards are not included in the game. The Giant Bee is not in the game and as such the only way to get Giant Bee Honey is from the craftable engram for the Giant Bee Hive. Dodo's can be bred to different sizes on Mobile. You can breed them to be big enough to be ridden or small enough to take them with your shoulder. The Equus comes with a state known as Equus Power. Equus Power determines the speed and endurance of Equus for racing. Low-storage-quality phones will experience crashes and failures, but these can be slowed down on airplane mode. Megatherium, Daedon, Troodon, and most recently Pogomastax are not found on the island. They must be killed in the dungeons and revived with ancient amber on the Obelisks or Revival Platform to tame. Tame Chronicling (Mobile) is available instead of Cryptopod to free up some space. But unlike cryptopods, it cannot be used to transport creatures through narrow passages. Incompatibility To play the game, a device must have: About 2GB of free space 2GB ram on iOS devices 3GB RAM on Android Volcano Support Android 7.0 Nougat[1] For more information on Android requirements, watch this video: In addition, it has been announced that the developers will not make the game compatible for older devices, but they will continue to make the game compatible for newer models as well as add more stability for certain devices.
